EXPERIENCE

MICROSOFT Redmond, WA

Software Engineer Aug 2021 – May 2025

- Streamlined access to device and health information, test passes, patches, and issue triage for 8 teams and 1,500+ devices by designing and developing an Asset Management solution
- Modernized network booting, device provisioning, and OS Deployment Environment image creation for 5,000+ service hosts (3.8M requests/month) using **Azure Arc, Front Door, Service Bus, Event Hubs,** and **Stream Analytics**
- Secured the device testing platform by developing automated certificate management using **Azure IoT Hub** and **Managed Identities**, resolving **CodeQL** issues, registering OneCert domains, migrating to **Azure DevOps OneBranch YAML**, and removing hardcoded endpoints
- Designed and implemented a **Power BI** dashboard providing real-time operational insights across 150+ cross-architecture device pools, improving visibility into onboarding progress, ticketing activity, and lab health

Software Engineer Intern (5 Internships) May 2016 – Aug 2020

- Built page feature for managing version history and created file-caching/update system for embedded files in the OneNote Mac app
- Improved PowerPoint Designer service by creating a text-detection Table to SmartArt feature and added metric tracking and analysis within the service using **Kusto**
- Developed features through all 5 internships using **C#, Objective-C, C++, Microsoft APIs,** and accessibility tools

ANEMONE Pittsburgh, PA & Chicago, IL

Founder & Founding Engineer Mar 2019 – July 2021, July 2025 – Present

- Designed and built a mobile mental health crisis app using **React Native** and **Swift** for creating and managing crisis plans, emergency resources, coping skills, and grounding
- Collaborated with mental health professionals and emergency responders to customize and market the app; used in **10+ countries** with **1,500+ downloads**
- Selected as **Fiddler Innovation Fellow** and received funding from the **National Center for Supercomputing Applications**
- Chosen as winner of **Carle Illinois Health MakerLab** and received funding and mentorship from **Carle Hospital and College of Medicine**

EDUCATION

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN | *BS in Computer Science* 2015 – 2017, 2019 – 2021

- Technology Commercialization Certificate
- **Relevant Coursework**: Algorithms & Models of Computation, Data Structures, System Programming, Database Systems, User Interface Design, Discrete Structures

SKILLS

Languages C#, Python, C++, Java, JavaScript/TypeScript, SQL, Objective-C, Swift, Bash, PowerShell

Frameworks & Libraries .NET, React, React Native, Next.js, Node.js, HTML/CSS, Jest

Cloud & Infrastructure Microsoft Azure, Azure Arc, Azure IoT Hub, Azure DevOps, Azure Front Door, Azure Event Hubs, Azure Service Bus, Managed Identities, Bicep, OneBranch YAML Pipelines

Databases & Analytics SQL, NoSQL, Power BI, Kusto

Developer Tools Git, Copilot, Claude, Antigravity, ChatGPT, CodeQL

SPEAKING, RESEARCH, & ADVOCACY

MENTAL HEALTH SPEAKING AND ADVOCACY

- **TEDxUIUC** — Gave talk at TEDxUIUC conference at Krannert Center about lived experience with Bipolar Disorder, Crisis Planning, and Mental Health Technology *(2019)*
- **Mental Health America** — 2x Speaker at National MHA Conference; Member of Collegiate Mental Health Innovation Council *(2019 - 2021)*

- **SAMHSA** — Panelist and co-author for Federal Guide *"Prevention and Treatment of Anxiety, Depression, and Suicidal Thoughts and Behaviors Among College Students" (2020 - 2021)*
- **Google / YouTube Health** — Mental Health Advisor *(2020)*
- **AnitaB.org** — Speaker on *"Managing Mental Health During Uncertain Times" (2020)*
- **IDONTMIND** — Speaker at *"Our Future in Mind"* Conference *(2021)*
- **UMich Depression Center** — Speaker at *"Depression on College Campuses"* Conference *(2021)*
- **We Are Saath** — Advocacy and technical projects, incl. first translation of PHQ-9 and GAD-7 to Hindi/Urdu *(2019)*
- **Active Minds, UIUC** — Founded CS Mental Health Committee; served on Counseling Center Advisory Committee; contributed to UIUC Mental Health Task Force and Active Minds projects *(2020 - 2021)*
- Led creation of Engineering **Mental Health Syllabus Statement**, **Student Mental Health Forum**, and **Crisis Resources on Student ID Cards** *(2019 - 2021)*
- Developed **Faculty Mental Health Ambassador Training** and supported formalized trainings, course policies and language, and campus-wide mental health initiatives *(2019 - 2021)*

Research Presentations

Presented engineering and healthcare technology research at:

- **White House Science Fair** - Robotic Prosthetic Hand for Leprosy Victims *(2014)*
- **World Maker Faire** (*Featured Maker*) - Robotic Prosthetic Hand for Leprosy Victims *(2014)*
- **University of Pittsburgh + Carnegie Mellon + Department of Veterans Affairs** Quality of Life Technology (QoLT) REU, ELeVATE, TIPeD & Rev-T Symposium - Jaipur Foot Prosthetic Improvement *(2013)*
- The Port at **CERN** - Blockchain Counterfeit Drug Prevention System *(2015)*

SELECTED RESEARCH & PROJECTS

Robotic Prosthetic Hand for Leprosy Victims in India

- Developed a cost-effective 3D-printed prosthetic hand system that utilizes user haptic feedback to mimic hand movement in the prosthesis, with **simulated tendons, flex sensor feedback,** and an **Arduino** control system
- Tested using the **Brown AM-ULA metric** and motion capture tracking; Selected to present at the **White House Science Fair** and as a Featured Maker at the **World Maker Faire** in NY

Blockchain-Based Counterfeit Drug Prevention

- Worked with **THE Port at CERN** to design a mobile **blockchain-based verification system** to securely track drug supply chains from manufacturer to consumer
- Automated the peak analysis system using **Python** as part of a low-cost drug testing capillary electrophoresis device

AWARDS, HONORS & PATENTS

Fiddler Innovation Fellow

- Selected through the **National Center for Supercomputing Applications (NCSA)**, supporting the continued technical development of Anemone

Carle Illinois Health MakerLab

- Awarded funding and received mentorship through the **Carle Illinois School of Medicine** to support additional research and feature expansion of Anemone

"Ananya Cleetus Day" City of Pittsburgh Proclamation

- Recognized by Mayor Bill Peduto with an official proclamation declaring October 5, 2014 as **"Ananya Cleetus Day"** for contributions to STEM education and innovation

Carnegie Science Award – Startup Entrepreneur

- Youngest recipient of the Carnegie Science Startup Entrepreneur Award for **Magikstra**, a social networking platform connecting high school students with mentors

White House Science Fair Exhibitor

- Selected to exhibit a robotic prosthetic hand for leprosy victims in India at the White House Science Fair as one of 50 students nationwide

U.S. Patent Application No. 62/054,595

- *Advancement of the Jaipur Foot Above-Knee Prosthetic*
